National Conference
On
“Recent Trends In Engineering, Technology & Management for Sustainable Development”
(RTETMSD - 2013)
Being Organized By
MVN UNIVERSITY

Date: 13\textsuperscript{th} August 2013

CALL FOR PAPERS AND CONFERENCE THEMES:
The Organizer cordially invites abstracts not exceeding 300 words in doc format indicating Title of paper, Name(s) of author(s), organization affiliation address from all over the Country to participate in the National Conference On “Recent Trends In Engineering, Technology and Management for Sustainable Development. Topics of interest for submission include various subthemes, but are not limited to the conference aims. The aim of the RTETMSD-2013 conference is to provide a forum for laying the foundations of a new principled approach to Engineering & Technology. To this end, the meeting aims to attract participants with different backgrounds, to foster cross-pollination between different research fields, and to expose and discuss innovative theories, frameworks, methodologies, tools, and applications for sustainable development. All contribution should be of high quality, Original and not published elsewhere or submitted for publication. During the review period, Papers will be reviewed by eminent scholars in the respective areas. All selected papers will be published in International journal having ISSN No.

Conference Themes

Civil Engineering
Bridge/Highway Engineering
Coastal Engineering
Computational Mechanics
Construction Technology
Disaster Prevention and Mitigation
Engineering Management
Earthquake Engineering
Structural Engineering
Environmental Management
Eco-Friendly Construction
Geological Engineering
Geotechnical Engineering
Hydraulic Engineering
Composite Material/ Structure
Monitoring and Control Of Structures
Safety Management, Surveying Engineering

Mechanical Engineering
Automobile Engineering
Heat Transfer, IC Engine, HVAC
Engineering Mechanics, Green Manufacturing
Corrosion and Reliability, Lean Manufacturing
Advanced Welding Technology
Design of Machine Element
Mechanical Design of Robotics System
Supply Chain Management
Green Supply Chain Management
Total Quality Management (TQM)
Precision Fluid Power control
Refrigeration and Air Conditioning
Theory of Thermal Stresses
Thermal system Analysis

Electrical and Electronic Engineering
Digital Communication, Smart Grid Technology
Renewable Energy Systems
Electrical Machinery, Power Electronics and Drives
Wireless and mobile communication
High Voltage and Insulation Technology
Intelligent control systems
Deregulation In Power System, Power Optimization
Measuring Technology and Instruments
Optical Communication, Digital System Design
Satellite Communication, Data Communication
VLSI Technology
Embedded System Design
Microprocessor and Microcontroller
Power System and its Automation
Power System Reliability and Security

Computer Engineering and Information Science
Wireless Sensor Networks, MANETs,
Computer Architecture and Real time Systems
Database, Data Mining, Information retrieval
Dependable, reliable and autonomic computing
Distributed and parallel system & algorithms
DSP/Image, Processing/PATTERN Recognition
Embedded system and software
Game and software engineering, GIS/GNSS
Grid, Mobile and ubiquitous computing
Security and Information Assurance
Soft Computing(AI, Neural Networks, Fuzzy Sys., etc)
Web and internet computing, Multimedia
Natural Language Processing
Recent Trends in Information technology

Chemical Engineering
Adsorption Principles, Catalysis
Advanced Chemical Engineering
Advanced Transport Phenomena
Energy and Environmental Biotechnology
Polymer Physical Structure & Chemistry
Scaling Concepts in Micro fluids
Enzyme and Fermentation Engineering
Interfacial Phenomena
Ionic Liquids, Material Development
Environmental Science
- Causes, Impact & Control Measure of various types of Pollutions, Atmospheric Diffusion
- Biological Treatment Processes
- Emerging Contaminants, Engineering Mathematics
- Environmental Economics, Environmental Engineering
- Environmental Planning and Management
- Environmental Toxicology, Fluid Mechanics, Hydrology
- Renewable Energy, Thermodynamics, Water and Wastewater Treatment, Green Architecture

Fundamental and Applied Sciences
- Catalysis, Chemical Sciences, Nanotechnology
- Earth and Environmental Sciences, Green Technology
- Physics and Mathematical Sciences
- Education Tools, Communication for technocrats

Management Studies
- Strategic Management
- Ethics & Corporate Social Responsibility
- Indian Value & Culture, Entrepreneurship
- System Management & Business Intelligence
- Talent Acquisition & Management
- Strategic HR Management, Performance Management
- Training & Development, Career Management
- Accounting, Governance & Reporting
- Capital & Financial Markets, Service Marketing
- Global Financial Trends, Marketing Communication
- International Marketing Strategies
- Changing global marketing concepts

Mandatory steps to be followed:

1. In case of multi authored research paper, at least one Registration is mandatory. If other co-authors come to conference site they need to pay full registration fee as per their designation.
2. In case other author/co-author wish to physically attend the conference they need to pay full Registration fees individually, separate Journal & Certificate along with the conference kit will be issued to them. Co-Author are requested to fill & submit separate Registration forms in case they are physically attending the conference.
3. Charges for extra copy of Journal/ Certificate for other Co-author (if required) should be paid along with preliminary Registration by the corresponding author.
4. One night paid accommodation facility will be made available on request.

Registration Fees
The participants are requested to register by sending the duly filled Registration form through e-mail along with their Research paper and registration fees (through NEFT/Cash Deposition and Online Transfer or through DD) in favour of “MVN UNIVERSITY” payable at “Faridabad”). Bank Details mention below for NEFT/ Online Transfer.
